EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ronald E. Smith on October 5, 2004.

The application has been amended as follows:

In claim 1, line 8, the word "first" has been deleted.

In claim 8, line 11, the phrase "second end" has been changed to --externally threaded downspout--.

Claims 7-12 have been cancelled.

On page 2, line 13 of the specification, the word "our" has been changed to --out--.

On page 5, line 20 of the specification, immediately before the word "which", the phrase --now U.S. Patent No. 6,431,272--has been inserted.

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: In Figures 1 and 2, the reference numeral "16b" should be added labeling the external screw threads on the lower downspout of the bailer (see the attached proposed correction marked in red ink). In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.
